To the Honorable Legislative Assembly of the Territory of Arizona:

Gentlemen:

The Board of Directors of the Insane Asylum of Arizona, in compliance with law, have the honor to herewith submit to your Honorable body this their Second Biennial Report of the affairs of the Asylum, together with the report of the Superintendent of the Asylum hereto annexed.

It will be observed by the Report of the Secretary of the Board, which is hereto annexed and made a part of this report, that there was received from the Territory during the month of December 1887,

and during the year 1887,	$ 33,030.23
during the year 1888,	21,679.96
Total	$ 54,710.19

Amount expended for the general support

of the Asylum during 1887,		$ 27,737.67
Transportation of insane from		
Stockton, Cala. to Territorial Asylum,	2,162.	$ 30,399.67
for general support of Asylum during 1888,		22,699.70
Total		$ 53,099.37
Cash on hand		1,610.82
		$ 54,710.19

They would particularly call the attention of your Honorable body to that part of the Superintendent's Report which relates to the inadequacy of sewage facilities in the Asylum, the necessity of changing the dangerous method now in use for lighting the building, and substituting therefor the electric light, the needed repairs to the building, and the placing of fire plugs on the premises provided with sufficient quantity of hose, for use in case of fire, the necessity of procuring a larger pump for the Asylum for increasing the water supply which is now insufficient under the present demands, the construction of a room over the 50 horse power boiler which was recently purchased by the Board which is now exposed to the weather, and the proper fencing of the Asylum land.

Under the present law which governs the management of the Asylum, the Board of Directors are limited in the expenditure to the purchasing of supplies

and payment of salaries for the maintenance of the institution, hence the Board appeal to your Honorable body to make the necessary appropriation to supply these necessities which are not within the authority of the Board of Directors to procure.

To facilitate the legislature in arriving at the proper amount needed to supply the immediate and necessary wants of the Asylum the Board herewith respectfully submit an estimate as follows:

For construction of sewer from Asylum to Salt River 2½ miles,	$5,000.
" erecting an electric plant,	750.
" construction of boiler room,	750.
" constructing wire fence around Asylum land,	350.
" pump,	350.
" placing fire hydrants in building provided with hose,	400.
" repairs of building,	2,400.
Total	$10,000

All of which is respectfully submitted.
